How it Works

We must receive & process your order before the time indicated to receive the rate shown. You may select any delivery speed as long as it is before the indicated time that day.

example: You place an order at 1:35pm; you may select the "2 1/2 hours", the "90 minutes", or the "**Priority NOW**" delivery options but the "4 hours" & "Before 5" delivery options are no longer available that day.

Call us today, have it today.

- » Maximize your billable hours
- » Deliver directly to your jobsite
- » Flat rate billing up to 100 lbs
- » Unlimited # of boxes per delivery

www.LMElectronics.com/delivery

Additional fees that may apply: If the driver has to wait more than 10 minutes at the delivery site, each additional minute adds \$.50. If the total shipment weight is over 100lbs each additional pound will add \$.05. "**Priority NOW**" deliveries placed after 3:30pm will incur an after hours fee.
